

Throughput Accounting

Improving your Bodyshop using Throughput Accounting One Day on-site Training Course

Understanding how to earn money in a flow based business is one of the most crucial aspects of business success for a Bodyshop. This training covers all aspects of making money, from understanding revenue, costs, and profit, to cashflow and investment, and finally to understand how to make more money from both your bottleneck and non-bottleneck processes.

You will learn how to :-

- Compare contracts with different rates, discounts, etc.
- Understand all the different cost types in your business and what drives these costs
- Understand the difference between sales and throughput for your business
- Evaluate the benefit of 'one more car' in a given time period
- Understand what a good 'balance' of work looks like
- Squeeze more throughput out of your bottleneck processes
- Make new money from your non-bottlenecks
- Price work differently
- Make better business decisions

Typical Bodyshop Profit and Loss Model

| | | | |
|---------------------------|----------|----------------|-------------|
| Sales | £ | 1,716,000 | |
| Commissions/Referrals | £ | 85,800 | |
| NET Sales after Comm/Ref | £ | 1,630,200 | |
| PARTS at COST | £ | 678,600 | |
| PAINT at COST | £ | 148,200 | |
| THROUGHPUT | £ | 803,400 | T |
| Productive Wages | £ | 290,347 | |
| Staff Salaries | £ | 250,416 | |
| Courtesy Cars | £ | 54,000 | |
| Rent,Rates, Utilities | £ | 100,000 | |
| Other Overhead | £ | 58,000 | |
| OPERATING EXPENSES | £ | 752,763 | OE |
| Profit = T - OE | £ | 50,637 | 3.0% |

The training does not contain "heavy" maths or accounting principles. It is aimed at business owners who want to make better business decisions not prepare accounts! It will use your own business which will make sense, and be 'real' to all.

The training is on-site based and will allow plenty of time for discussion and interaction.

The price for the on-site training is £400 + VAT plus expenses.
